

NANSHAN AMERICA ADVANCED ALUMINUM TECHNOLOGIES, LLC.

EXTRUDED ALUMINUM: Rod • Bar • Tube • Pipe • Profiles

SUBJECT - Restricted Materials

01Jan20

Nanshan America Advanced Aluminum Technologies confirms through testing and analysis that its products are:

- 1 compliant with DIRECTIVE 2015/863/EU OF THE EUROPEAN PARLIAMENT AND OF THE COUNCIL of 4 June 2015 on the restriction of the use of certain hazardous substances in electrical and electronic equipment (EU-RoHS3)
- 2 without alloying elements or substances defined as conflict minerals by the Dodd–Frank Act Section 1502
- 3 compliant with the Toxic Substances Control Act of 1976

Aluminum products manufactured by Nanshan America Advanced Aluminum Technologies will respect the above mentioned legislation, regarding lead, mercury, cadmium and hexavalent chromium, and other specified substances. This statement is made to the best of our knowledge. Any known deviation from compliance will be reported immediately.

Best Regards,

Glenn Estep
